as I have left my..... behind.

I hope I won't be away for too long.

There are lots of other crew aboard the ship with me, there are officers and sailors, the ship is full! Also we have four different animals. The are very loud.

All the animals live in the manger. My favourite animal is the

2. FIRST DISCOVERY

I cannot believe my eyes! What luck! We have been sailing for days and today during my watch I saw a sea creature, a

It was incredible! Certainly a sign of good luck! I drew a picture from memory.

Now I know our voyage will be a success. As soon as we reach I will search high and low for some I know the rest of the crew will look for some too so I must make sure I get mine first. As we sail further and further from home the weather is becoming more and more

This makes me feel very , but like the Captain says "We must remain focused and work together!". For now, I think it is best that I get some sleep.

3. BETRAYAL

Today was a difficult day. One of the sailors on-board tried to replace the Captain and take over the ship. This is called 'mutiny'. The sailor's name is and they will be put on trial. I always thought that they were a person but now I am not sure. The captain has chosen me and some other members of the crew to decide if they are innocent or guilty. We have landed on a beach in where the trial will take place.

Mutiny is the worst crime you can commit on a ship!

The punishment is

I drew a picture of their face, look you can see that they are

We found it! A huge ship filled with lots and lots of treasure! The name of the treasure ship is I wonder where it is from. Maybe it is from? It took days until we finally found it.

The battle was but I fought bravely.

We fired our cannons and jumped on board.

I was very , and I think that's the reason we were victorious!!!!

I was injured, the barber surgeon said I may need a

Now we must be quick to load the treasure aboard our ship.

There is lots of and , what a success!

Can you believe the size of the ship, look! I drew a picture of it so you can see!!!

5. SECRET PASSAGE

We are trapped! We cannot sail back the way we came from because will be waiting for us and will attack us on site. I don't want to lose my share of the treasure. What are we going to do?!

We tried to sail to the secret passage that is by but we had to turn back because of storms. The wind blew very hard and damaged the..... . The started to leak, there was water everywhere! It is the first time I have seen

the captain order us to flee. We are now waiting on a beach, it is a new and exciting place, the captain has called it There are local tribes living here. They are very and have traded goods with us. I have drawn a map in case we get lost.

The crew and I have become a family and we all really like each other. When I get my share of the treasure I am going to spend it on and maybe some too. I am very excited. I have made a very good friend on this ship called and I will be sad when we say goodbye, but I know we will meet again soon. HOW TO ASSEMBLE YOUR JOURNAL

You will need:

your journal pages, a hole punch, a thin ribbon (or string) and two sheets of card for the front and back covers (you can make your own design for these or attach the first and last pages of your journal using glue)

1. Punch out evenly spaced holes in all your paper. Assemble all your journal pages (in the right order) and place one sheet of card at the front of your pile and one at the back.

2. Lace the ribbon through the bottom hole, leaving an even amount of ribbon on each side.

3. Starting with one side of the ribbon (A), start circling it upward, lacing it through the holes from back to front until you get to the top.

4. Do the same steps for the other piece of ribbon (B), but this time you going from front to back until you get to the top.

5. Once you are done lacing both sides you can tie a simple bow.

Congratulations!
You've made your very
own Sailor's Journal!
